5 years MSc in Architecture  
3+2 years Bachelor/Master of Fine Arts in Design  
2 years international Master's programmes

### Language of instruction:

Undergraduate/first cycle: mostly Swedish  
Graduate/Second cycle: mostly English

### Language requirements:

Exchange students must have a high English proficiency in order to succeed with their academic studies at Lund University. Read more [here](#).

### Academic system:

Full time workload: 30 credits/semester (1 credit = 1 ECTS)  
Two semesters (autumn/spring) in one academic year, with two study periods per semester.

#### Autumn semester:

Study period 1 (August-October) and 2 (October-December)

#### Spring semester:

Study period 3 (January-March) and 4 (March-June)

Grades are often based on a combination of written exams, labs, projects and groupwork with an informal study climate. Read more [here](#).

### Grading system:

All grades at Lund University are criterion-referenced, i.e. awarded in relation to the student's performance relative to the learning objectives set out in the course syllabus. They do not grade how well the student performs in relation to other students, but how well they fulfil the objectives of the course. ECTS grades are not awarded. Read more [here](#).

### Official Transcript of Records:

Verifiable official transcript of records can be downloaded or printed at the end of the semester. Read more [here](#).

Considering the environmental impact, we will not send hard copies of the official transcript of records, unless required by the home institution.

## COURSES

Incoming exchange students are required to register for 30 credits per semester, with at least 15 credits at the Faculty of Engineering - LTH. Read more [here](#).

NB: Course eligibility is based on fulfillment of the course prerequisites.

**Important!** Students need to think carefully when making the study plan and study the course syllabus and schedule thoroughly. LTH does not have an Add & Drop period after Arrival.
