MINES NANCY

FRENCH GRADUATE SCHOOL OF SCIENCE,
ENGINEERING AND MANAGEMENT

UNIVERSITÉ
DE LORRAINE

MINESnancy
ARTEM

PROGRAMS

“INGÉNIEUR CIVIL DES MINES”:

- Energy
- Industrial Engineering & Applied Mathematics
- Informatics
- Material Science
- Geo-Engineering

SPECIALIZED MASTER’S DEGREES:

- Materials and Industrial Engineering
- Mechanical Design Engineering

EXCHANGE PROGRAMS DIPLOMAS:

- Multiscale Materials 
- Big Data & Data Science 

ADVANCED MASTERS:

- Waste Management and Recycling
- Cybersecurity 

FRENCH SUMMER SCHOOL

Improve your French ! Two months of intense courses.
Experience the French way of life and prepare
yourself for successful studies in France

SCIENTIFIC RESEARCH

INSTITUT JEAN LAMOUR: Materials, Metallurgy,
Nanoscience, Plasmas & Surfaces

LEMTA: Theoretical & Applied Energetics &
Mechanics

LEM3: Microstructure Studies and Mechanics of
Materials

CIRTES: Additive Manufacturing, Advanced
Machining

GEORESSOURCES LAB: Geology, Mineral &
Energetics Resources

LORIA: Computer Science & IT

IECL: Mathematics

ERPI: Industrial Engineering, Innovation Processes

BETA: Economics

KEY FIGURES

- 850 students, including 25% of foreign students
- 70 full-time professors
- 40 administrative staff
- 2 campuses (Nancy and Saint-Dié-des-Vosges)
- 80 partner universities around the world
- 100 partner companies
- 70% of students hired during the end-of-study
Internship and 90% within 4 months after graduation
- 45 students associations
- 90 mn from Paris by train
- 6,000 Alumni

RANKINGS

French Graduate School of Science &
Engineering - Usine Nouvelle, February
2020

Worldwide in Mining Engineering and
Mineral Processing - Shanghai ranking
2020 (Université de Lorraine)

French Graduate School of Science &
Engineering - Etudiant Le Figaro,
December 2019

ADMISSION PROCESS

Application for enrollment in September (semester 1):
from November to April (overseas) / from February to
May (EU students)

Application for enrollment in February (semester 2):
from September to November (overseas) / from
September to mid-October (EU students)
