

BUCEA 2021 International Student Enrollment Guide for Chinese Taught Programs

Beijing University of Civil Engineering & Architecture (BUCEA), which originated from Capital Elementary Industrial School in 1907, got its current name with the approval of the Ministry of Education, P. R. China in 2013. It is a multidisciplinary university focusing on engineering especially known for architecture. The university was approved as a master's degree awarding institution in 1986 and a doctor's degree awarding institution in 2018. It has also been approved to establish post-doctoral research stations in architecture and civil engineering. The university has over 10,000 students, including 121 international academic students, 7,713 full-time undergraduates, 2,548 postgraduate students, 83 PhD students and 766 adult education students. The school insists on open policy and carries out extensive international educational exchanges and cooperation. At present, it has established cooperative and exchange relations with 94 colleges and institutions in 42 countries and regions, such as the USA, France, the UK and Russia. In October 2017, the school launched a One Belt and One Road international coalition of architecture universities, in order to constantly deepen the initiative, to promote the infrastructure construction, international talent training, collaborative innovation of science and technology and the cultural exchanges along the Belt and Road. Currently 57 schools from 24 countries join the alliance.

I. Applicant Qualification

1. Applicant should be non-Chinese citizens who are in good health and hold a valid ordinary foreign passport.
2. Applicants for bachelor's degree generally shall be no less than 18 years old and no more than 30 years old; for master's degree generally shall be no more than 35 years old; for PhD generally shall be no more than 40 years old. (as of September 1, 2021)
3. Applicants for bachelor's degree shall be high school graduates or have high school diploma; for master's degree shall have obtained bachelor's degree or equivalent; for PhD shall have obtained master's degree or equivalent. Applicants for master's degree or PhD in Architecture, Urban and Rural Planning, Landscape Architecture or Design, should have bachelor's or master's degree in Architecture, Urban and Rural Planning, Landscape Architecture or Design. Applicants for master's degree or PhD in Control Science and Engineering or Mechanical Engineering, should have bachelor's degree in Computer Science, Automation, Electronics or Electrical Related.
4. All the degree programs are full-time education. Once applicants enroll, it is not allowed to do the internship or work permanently.

II. Application Deadline

June 30, 2021 (application will not be accepted after the deadline)

III. Application Website

<http://apply.bucea.cucas.cn/>

IV. Application Documents

1. Application Form for International Students.
2. Diploma or Pre-graduation Certificate.
3. Academic Transcripts.
4. HSK4 certificate within valid period; or certificate of teaching in Chinese from the graduated school.
5. Scanned copy of valid regular passport. The passport should be valid through December 31, 2021.
6. CV, completed in Chinese or English.
7. Foreigner Physical Examination Form completed in Chinese or English, bearing the stamp of the hospital and being valid for 6 months.
8. No Criminal Certificate, written in English.
9. Applicants can provide proof of internship or work, proof of awards or scholarships, and proof of participation in academic activities as supplementary materials. The following materials should be submitted by applicants for master's and doctoral degrees:
10. Study or Research Plan, no less than 1,000 words, written in Chinese.
11. Two Letters of Recommendation signed by professors or associate professors, written in Chinese or English.
12. Applicant who applies for the major of Architecture, Urban and Rural Planning, Landscape Architecture or Design should provide a collection of design works or academic papers published by the subject.

V. Academic Programs

List of Chinese taught undergraduate programs for international students in 2021

No.	Major Name	Schools	Length of Major (years)	Degree
1	Architecture (Experiment)	School of Architecture and Urban Planning	5	Bachelor of Architecture
2	Architecture		5	Bachelor of Architecture
3	Preservation Engineering of Historic Buildings	School of Architecture and Urban Planning	4	Bachelor of Engineering
4	Environmental Design		4	Bachelor of Arts
5	Intelligent Construction Engineering	School of Civil and Transportation Engineering	4	Bachelor of Engineering
6	Civil Engineering (Experiment)	School of Civil and Transportation Engineering	4	Bachelor of Engineering
7	Civil Engineering		4	Bachelor of Engineering
8	Transportation Engineering	School of Civil and Transportation Engineering	4	Bachelor of Engineering
9	Building Environment and Energy Engineering	School of Environment and Energy Engineering	4	Bachelor of Engineering
10	Water Science and Engineering	School of Environment and Energy Engineering	4	Bachelor of Engineering
11	Experimental Class for Environmental Innovative Talents	School of Environment and Energy Engineering	4	Bachelor of Engineering

12	Energy and Power Engineering		4	Bachelor of Engineering
13	Automation		4	Bachelor of Engineering
14	Building Electricity and Intelligence	School of Electrical and Information Engineering	4	Bachelor of Engineering
15	Computer Science (Experiment)		4	Bachelor of Engineering
16	Management Science and Engineering	School of Urban Economics and Management	4	Bachelor of Management
17	Business Administration	School of Urban Economics and Management	4	Bachelor of Management
18	Surveying and Mapping Engineering (Intelligent Navigation)	School of Geomatics and Urban Spatial Information	4	Bachelor of Engineering
19	Surveying and Mapping (Urban Spatial Information)	School of Geomatics and Urban Spatial Information	4	Bachelor of Engineering
20	Mechatronic Engineering (Intelligent Manufacturing)		4	Bachelor of Engineering
21	Robot Engineering	School of Mechanical, Electronic and Vehicle Engineering	4	Bachelor of Engineering
22	Vehicle Engineering (Experimental Class of Urban Rail Vehicle)	School of Mechanical, Electronic and Vehicle Engineering	4	Bachelor of Engineering
23	Information and Computing Science (Application of Big Data)	School of Science	4	Bachelor of Science

List of Chinese taught postgraduate programs for international students in 2021

No.	Schools	Discipline	Major Name	Length of Major (years)	Degree
17	School of Environment and Energy Engineering	0814 Civil Engineering	Heating, Gas Supply, Ventilation and Air Conditioning Works	3	Master of Engineering
18	School of Electrical and Information Engineering	0811 Control Science and Engineering	Control Science and Engineering	3	Master of Engineering
19	School of Urban Economics and Management	1201 Management Science and Engineering	Management Science and Engineering	2	Master of Management
20	School of Urban Economics and Management	1251 Business Administration	Business Administration	2	MBA
21		0502 Social Work	Social Work	2	Master of Engineering
22		0813 Architecture	Preparation of Historic Buildings	3	Master of Engineering
23			Geodesy and Survey Engineering	3	Master of Engineering
24			Photogrammetry and Remote Sensing	3	Master of Engineering
25			Cartography and Geographic Information Engineering	3	Master of Engineering
26			Urban Surveying and Mapping Science and Technology	3	Master of Engineering
27	School of Mechanical and Electrical Engineering	0802 Mechanical Engineering	Mechanical Engineering	3	Master of Engineering
28	School of Mechanical and Electrical Engineering	0823 Transportation Engineering	Urban Transportation Engineering	3	Master of Engineering
29	School of Science	0701 Mathematics	Applied Mathematics	3	Master of Science
30			Operations Research and Cybernetics	3	Master of Science

VI. Tuition Fee (charged per academic year in RMB, excluding cost of course materials)

Chinese bachelor programs: 20000 RMB/ academic year
 Chinese master programs: 25000 RMB/academic year
 Chinese doctoral programs: 30000 RMB/Academic year

VII. Scholarships

Different types of scholarships will not be awarded to the same person at the same time. The scholarships will be reviewed once a year from the second year of enrollment, and eligible students can apply directly.

1. First-class Scholarships: to subsidize all tuition fees for one academic year.
2. Second-class Scholarships: to subsidize half of the tuition fees for one academic year.
3. Special Contribution Scholarships: It is used to reward international students who have made outstanding achievements in academic, sports, art, cultural exchanges, and public welfare activities. The amount of subsidy does not exceed 5,000 yuan per person per academic year.

BUCEA 2021 International Student Enrollment Guide for English Taught Programs

Beijing University of Civil Engineering & Architecture (BUCEA), which originated from Capital Elementary Industrial School in 1907, got its current name with the approval of the Ministry of Education, P. R. China in 2013. It is a multidisciplinary university focusing on engineering especially known for architecture. The university was approved as a master's degree awarding institution in 1986 and a doctor's degree awarding institution in 2018. It has also been approved to establish post-doctoral research stations in architecture and civil engineering. The university has over 10,000 students, including 121 international academic students, 7,713 full-time undergraduates, 2,548 postgraduate students, 83 PhD students and 766 adult education students.

The university insists on opening-up policy and extensively carries out international exchanges and cooperation. In 2017, it initiated the establishment of the "One Belt One Road" International Alliance of Architecture Universities. Currently, 64 colleges and universities from 27 countries have joined, which has made important contributions to continuously deepen the "Belt and Road" initiative, as well as comprehensively promote the infrastructure construction of countries along the route, the training of international talents, the collaborative innovation of science and technology, and the cultural exchanges. The university offers a master's degree program taught in English and recruits outstanding international students, aiming to cultivate high-level international professionals with good professional foundation and understanding of Chinese society and culture.

I. Applicant Qualification

1. Applicant should be non-Chinese citizens who are in good health and hold a valid ordinary foreign passport.
2. Applicants for master's degree generally shall be no more than 35 years old (as of September 1, 2021).
3. Applicants for master's degree shall have obtained bachelor's degree or equivalent.

Applicants for master's degree in Architecture should have bachelor's degree in Architecture or Architecture related majors.

Applicants for master's degree in Control Science and Engineering or in Mechanical Engineering, should have bachelor's degree in Computer Science, Automation, Electronics or Electronics related majors.

4. Master's degree is a full-time education. Once applicants enroll, it is not allowed to do the internship or work permanently.

II. Application Deadline

June 30, 2021 (application will not be accepted after the deadline)

III. Application Website
