	General inquiries : International@telecom-paris.fr
Erasmus Code	**F PARIS083**
Website	https://www.telecom-paris.fr/en/international/students/engineer-programs

Admission Requirements	
Minimum GPA (or academic result in other scales)	No minimum GPA required. However, students with a very good academic level are expected. Ranking(s) requested (if available). The non –degree exchange program is subject to a limited number of spots, therefore a selection of the best students is made for this program as well. **Please note that a nomination does not necessarily imply the student's admission.**
Language requirements	For scientific courses in French and/or English, a B2 level is recommended. It should be necessarily certified by an official test for our Double Degree programme (See list of accepted tests and mimimum points required below). Exchange students do not necessarily need to provide language tests. Many 2nd year "cycle d'ingénieur" courses are taught in French. To be allowed to choose these courses, a minimal "Top" B1 "French as Foreign Language"* level is compulsory but a B2 level is recommended to feel at ease. For access to scientific courses in English, a minimum level of B2 in English** is required. Besides, for students following the Double Degree program, a B1 or B2 level in French (according to the language of the study tracks chosen) will be mandatory to get Telecom Paris Diploma. *The proof of the French language proficiency includes the following external certifications: TCF: 400 pts; TEF: 400 pts; TFI: 600 pts; DELF B2 or B1(75/100) or a higher education degree obtained from a French-speaking institution (the degree has to prove that the language of instruction was French).* **The proof of the English-language proficiency includes the following external certifications: First, Advanced or Proficiency Certificates from Cambridge, TOEFL ITP (institutional): 543 pts; TOEFL IBT (internet-based): 71 pts; TOEIC: 795 pts; IELTS: 5.5, Linguaskill: 160 pts; Cambridge English Certificate and APTIS: B2 level or a higher education degree obtained from an English-speaking institution (the degree has to prove that the language of instruction was English).* *All tests should not be more than 2 years old (or 5 years for DELF and Cambridge exams).*
Amount of credits completed per semester	30 ECTS / semester
Double Degree programme	4 semesters (24 months), starting in September (Year 2 and Year 3 of the engineering curriculum,"Diplôme d'Ingénieur").

	According to the agreement, some Double Degree students have the possibility to join the Year 1 of the *Diplôme d'Ingénieur* engineering curriculum.
Other Requirements / Remark(s)	- The Exchange Programme is only for students coming from a partner university of Telecom Paris and sharing an exchange programme or Erasmus agreement. - In case of an Exchange or Double Degree program, students have to be nominated by the partner university's mobility programme coordinator. **Please note that a nomination does not necessarily imply the student's admission.** - Students have to apply directly on our application platform before the deadline

Academic Information

Academic Calendar for AY 26-27	Fall semester	Spring semester
Commencing Date:	August 31st 2026	Mid-February 2027
Concluding Date:	Mid-February 2027	End of June 2027

How to apply	

Nomination and Application Deadlines **(Please note that a nomination does not necessarily imply the student's admission)**	- **April 1, 2026 (nomination) and April 15, 2027 (application)**, for September 2026 intake for **Exchange** students (coming for the **full AY 2026-2027 or for the Fall semester) or for European / North American Double Degree** students - **November 1, 2026 (nomination and application)** for February 2027 intake for **Exchange** students coming for the **AY 2026-2027** spring semester - **September 15, 2026 (nomination) and September 30, 2026 (application)**, for September 2027 intake **for Double Degree students (outside of Europe and North America).**
Information required for nomination	- Student name and e-mail address - Faculty or study field, as well as study program - Study level - Which term is concerned by the mobility
Website for application information Required supporting documents	https://www.telecom-paris.fr/en/international/international-students/application-resources Documents needed: - Statement of purpose - Resume - Transcript of grades and ranking if available - Copy of passport or Identity card - Identity picture - At least 2 recommendation letters - Language(s) certificates

Application for Internships / Master thesis

Internship requests are not managed by the International Relations office. Students interested in doing an internship in one of Telecom Paris' laboratory have to contact the laboratory directly or an identified teacher or look for internship opportunities on the following page: https://www.telecom-paris.fr/en/the-school/job-opportunitie

Accommodation

Is on-campus accommodation available for incoming students?

There is various students' accommodation close to the school with different prices according to the type of housing.
Cost per semester: approximately between 2500 and 4500€ (according to the type and place).

For more information, students can visit our page about students' housing: https://www.telecom-paris.fr/en/campus/campus-life/housing-and-dining

Application procedure for accommodation	Relevant contact and information will be sent to students who need accommodation.

Arrival Information

Suggested Arrival date:	Fall semester	Spring semester
	1 or 2 weeks before exchange program courses start. 4 or 6 weeks before courses start for students who take our French Summer Course. Coming a few weeks in advance also allows students to attend integration activities.	1 week minimum recommended before courses start (in case of Exchange Programme)
Airport pick-up service available?	No	No

Visa Information	
Are students required to obtain a student visa? Yes, if students do not have the European Union citizenship.	
What are the procedures?	Relevant information on the websites below: https://france-visas.gouv.fr/en/web/france-visas/home https://www.campusfrance.org/fr/visas-et-cartes-de-sejour

Health Insurance

Non-European students will have to register on https://etudiant-etranger.ameli.fr/#/ upon arrival in France in order to be covered by the mandatory French medical insurance(CPAM) that covers a part of medical expenses while studying in France.

European students will have to get a European Health Insurance Card (EHIC) or a temporary certificate from relevant institutions of their home country, before their departure.

Non-European students are required to subscribe to a private health insurance at least valid for the first two months, before their registration with the CPAM is effective.

In general, students can also subscribe to a complementary private insurance to get a more comprehensive reimbursement of healthcare costs.

Estimated Cost of Living (in Local Currency)

Accommodation (according to the type and place) = 500 to 900 €
Food = 200 to 300 €
Private health Insurance = 50 €
Leisure = 100 €
Others = 50 €

_____
Total per month = between 900 and 1500 €

Note that students can receive a monthly allowance from the French social organization "**CAF**" (Caisse d' Allocations Familiales) to help them reduce their monthly costs.
